***Claim Objections***

1. Claims 1-16 are objected to because of the following informalities: Regarding claim 1, for positive recitation of the claim, Applicant is requested to delete the clause "is operable to" in lines 9, and 11. The same remark applies to claim 7, 8, and 13.

Appropriate correction is required.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 8-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 8 is indefinite. It is unclear whether the claim is directed to a device or a method, since the claim's preamble referring to a device while the body of the claim is directed to a method. In other word, claim 8 simultaneously claims both statutory classes.

***Allowable subject matter***

4. Claims 1, 7, 8, and 13 are objected to but would be allowable if rewritten to overcome the objection(s), set forth in this Office action.
5. Claim 8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
6. Claims 17-20 are allowed.
7. Claims 2-6; 9-12; and 14-16 would be allowable if claims 1; 8; and 13 were to overcome the objection set forth in this Office action.
